To All Utah Contractor Licensees:

A change to the General Rules of the Utah Division of Occupational and Professional Licensing (Title R156-1-308a) changed the expiration date of all Utah contractor licenses from July 31 of each odd-numbered year to November 30 of each odd-numbered year (2007, 2009, etc).

Therefore, as of July 31, 2007, any active contractor license will be automatically extended an additional four months to November 30, 2007.

DOPL will NOT send out new license certificates reflecting the extended expiration date.

Instead, this letter serves as official documentation of the extension and must be kept with your blue license certificate. It is also recommended that a copy of this letter be given to your employer(s) and/or employee(s), if applicable. Additional copies of this letter are available at www.dopl.utah.gov

CONTINUING EDUCATION: Be aware that the continuing education cycle has NOT changed, but remains at 6 hours for each two-year period. The next continuing education cycle will run from July 1, 2007, to June 30, 2009, and every two years thereafter.

Renewal notices will be mailed to each licensee's address of record in September 2007. Questions regarding this renewal extension may be directed to DOPL at 801-530-6628 or 866-275-3675.

Sincerely,

F. David Stanley
